

SlimPort User manual

To connect your device, follow these steps:

1. Connect the HDMI cable into the HDMI port on your TV.
2. Connect your own micro-USB cable from the SlimPort adapter to a USB power source (e.g. a USB port on your TV)
3. Connect the micro-USB connector into the micro-USB port on your smartphone.
4. Turn on your TV and change the input to the corresponding HDMI port. Your TV should now be mirroring your device's display.
